Greater MetroWest CARES
Year-End Report
Fiscal 2019 - 2020

prepared by Federation's Impact Department
The existence of CARES, the department of Jewish Federation of Greater MetroWest NJ (Federation) focused on the needs of older adults in Greater MetroWest, evidences Federation’s serious commitment to the Jewish obligation to respect parents and other older adults.

For the first three quarters of fiscal year 2019-20, CARES worked as always to learn about community needs and create a collaborative network among Federation’s 11 local partners that serve older adults. So, when COVID-19 struck in March, CARES was already positioned to assist.

Some of the needs CARES was monitoring, such as seniors’ need for transportation, became temporarily less pressing. Others, such as needs that arise from social isolation, increased painfully and some new concerns, such as how to obtain groceries, arose suddenly. As you will read in this report, some of CARES’s work, such as its work pursuant to a grant to assist Holocaust survivors, continued with modifications as necessary and, as always, CARES responded to inquires from community members and served as a liaison among agencies and Federation.
CARES Federation continues to facilitate Year 1 JFNA grant and secured funding for Year 2 JFNA grant.

$200,000 from JFNA (Year 1: 9/1/2019 - 9/30/2020) plus $100,000 in matching funds: ($31,000 in cash and remainder were in-kind contributions)

CARES convened a Leadership Council to identify unmet needs as required by the grant.

Holocaust Survivors’ Unmet Needs Relate to:

- Social isolation
- Financial needs
- Information about reparations/benefits to which survivors may be entitled
- Education about Person Centered Trauma informed care (PCTI) for those serving survivors

CARES’s JFNA GRANT MAKES A DIFFERENCE

Jewish Family Service of Central NJ and Jewish Family Service of MetroWest provided services to over 160 individuals.

Jewish Family Service of Central NJ now provides additional case management hours and it had an activities coordinator who visited survivors in their homes. Due to COVID-19, Jewish Family Service of Central NJ is now providing services through Uniper, a platform for virtual programming.

Jewish Family Service of MetroWest was able to hire a Russian speaking social worker to assist over 50 survivors from the Former Soviet Union and run social events.

Note: Modifications to above services were made when COVID-19 occurred.
Because the "Seniors at Home Program" of Federation's Chaplaincy Department was able to expand its services...

**77** calls by Chaplains were made to nine survivors who all expressed gratitude for the Chaplain's continuing concern.

Because Person Centered Trauma Informed care (PCTI) training classes were provided...

**50** individuals were able to attend.

Because benefits/reparation workshops were provided...

**70** individuals were able to attend.

Note: Modifications to above services were made when COVID-19 occurred.

CARES's JFNA GRANT MAKES A DIFFERENCE

88%
of Holocaust survivors reported feeling more connected to community as a result of calls from Jewish Family Service of Central NJ social workers.

92%
of Holocaust survivors reported feeling decreased anxiety and depression after receiving assistance with health service by Jewish Family Service of Central NJ.

Because of CARES's knowledge of agencies' needs and its relationships with partner agencies, CARES assisted with:

• establishing and facilitating a new partnership with the KAVOD SHEF Initiative in partnership with Seed the Dream Foundation and KAVOD, an organization devoted to meeting Holocaust survivors’ basic needs (including homecare, medical expenses and food) thereby leveraging $93,000 in funding and acted as a resource in obtaining other gifts benefiting seniors.
How CARES Helped Partner Agencies & Seniors During COVID-19:

- Collaborated with Federation's Community Engagement Department so that volunteers can:
  - shop and deliver groceries to 85 seniors
  - make weekly calls to 300 seniors
  - provide technology assistance to 25 seniors
- Connected a volunteer with expertise in technology with one of our Partner Agencies to run a virtual program for seniors and others.
- Helped our Partner Agencies obtain personal protective equipment.

*The grant received by Jewish Federation of Greater MetroWest NJ is made possible by federal funds from a grant through the JFNA Center for Advancing Holocaust Survivor Care. Approximately 67% of the project or $200,000 comes from federal sources. Approximately 33% or $100,000 comes from non-federal sources including grants from the Grotta Fund for Senior Care, Iris Teen Tzedakah Fund, Jewish Community Foundation of Greater MetroWest NJ, Joseph and Rachel Luchfeld Memorial Fund, as well as in-kind contributions.
CARES helps ensure Federation planning and spending on senior services is informed and strategic
By staying attuned to current trends and community needs, CARES helps to inform Federation’s planning process. CARES regularly solicits and tracks information pertaining to seniors' needs and shares this information with allocations decision makers at Federation. This year, 8 out of 11 CARES partners supplied information regarding current senior needs at the focus group meeting.

CARES creates a network among 11 Federation partners serving older adults
CARES connects the dots. By convening Federation partners that serve older adults, CARES bolsters relationships between Federation and our partners and also among the partners themselves. Through these convenings and relationships, CARES also strives to help coordinate the senior services offered in GMW.

CARES enhances and augments services provided by CARES agencies
Every year, CARES provides resources and offers educational events pertaining to issues of interest to the Federation partners serving seniors.
